Instructor: Anjali Mehta

Created On: 16 June, 2025

Updated On: 16 June, 2025

Price: 3000 INR

Duration: 3 weeks

Modules: 10

Language: English, Hindi

Level: Beginner, Expert

Certifications: Yes

Course Description

Take full control of your web hosting with this comprehensive guide to cPanel, the industry-standard control panel for managing websites. This course is designed for website owners, bloggers, small business owners, and aspiring developers who want to confidently manage every aspect of their hosting environment without needing to be a system administrator.

We start with a tour of the cPanel interface, making you comfortable with its layout and features. You will learn essential file management skills using the File Manager and FTP. We'll cover all aspects of domain management, including setting up addon domains and subdomains. A significant portion of the course is dedicated to managing professional email

accounts, including creating addresses, forwarders, and fighting spam.

You will learn how to create and manage MySQL databases with phpMyAdmin and how to use one-click installers like Softaculous to deploy applications like WordPress in seconds. We also cover security basics, performance monitoring, and how to schedule automated tasks with Cron Jobs.

What You'll Learn:

- Navigating the cPanel interface.
- Managing files and backups using File Manager and FTP.
- Complete domain management: addon domains, subdomains, and DNS.
- Creating and managing professional email accounts.
- Creating and managing MySQL databases with phpMyAdmin.
- One-click software installation for WordPress, Joomla, etc.
- Monitoring website traffic and performance.
- Basic security practices and scheduling tasks with Cron Jobs.

Who Is This Course For?

This course is for anyone using a web hosting provider that offers cPanel. It's ideal for bloggers, entrepreneurs, and website administrators who want to be self-sufficient in managing their site. No prior technical experience is required.

Includes step-by-step walkthroughs for all major features and a certificate of completion. Available in English and Hindi.
